

LMC House Concert Sign Up Guidelines

The following are the general guidelines for signing up to perform at the LMC house concerts. They are not meant to be rigid rules, and concert coordinators are encouraged to exercise their discretion.

1. The total length of the program should be between 45 min and 75 min.

The length of the program here is defined as the sum of all the performing groups' estimated time. Actual concert length may be 10-20 min longer (assuming no intermissions), allowing for group change, occasional introductions, and estimation errors.

LMC may choose to cancel the concert if we cannot fill the program to 45 min.

2. Performing time for each group should be limited to 15 min if there are more performers than the 75 min can accommodate; and 20 min if the program is not full.

The 15 and 20 min limit is based on the estimate given by the performer(s).

Performers are free to sign up for 20 min initially but should be prepared to scale back if the program fills.

3. Performers should submit final information of their program 10 days before the concert.

LMC strives to send out the final program about 1 week before the concert so that members can plan their weekend accordingly. Performers should submit their information 10 days ahead, so the program chair can circulate a draft for proofreading before the final program. If program information is not received in a timely manner, performers' repertoire will unfortunately have to be listed as TBD (to be determined).

4. It is the performers' responsibility to ensure that their membership is up to date when they sign up.
